

# HUBER+SUHNER has acquired the Railway and Road Antennas from Kathrein

We aim to build a more complete product portfolio and to provide a wider offering to our Railway and Road customers.

Full product range availability with the same product references and continued lifecycle support.

#### Benefits

- Full connectivity offering with cables, connectors and assemblies
- Technical support by dedicated railway and road experts
- Integration into H+S innovation roadmap following trends such as MIMO, 5G and FRMCS.
- Additional services covering 87.5 to 470 MHz added to HUBER+SUHNER offering.
